Institutional Values and Best Practices

7.1.1 : Measures initiated by the institution for the promotion of gender equity during the year 2023-2024

B.V.V Sangha's

Shri S. R. Kanthi Arts, Commerce and Science College Mudhol

Males and females have equal chances in terms of economic, social, cultural, and political growth when there is equal opportunity for both genders in education. The organization guarantees gender parity in every facet. The institution's commitment to gender equity inspires students to participate fully in all events and to offer their all. The college fosters a warm environment where all girls' and boys' concerns are acknowledged and addressed.

In the classroom, girls and boys are given equal opportunities and platforms. Academics, athletes, artists, culture, health, NSS, NCC, Bharat Scouts and Guides, prizes, scholarships, and other college amenities are all equal chances. Every effort is made to ensure that no student experiences harassment or bullying. A calm atmosphere is guaranteed by mentors and class teachers. The school wants all of its students, male or female, to feel competent and confident. Everyone's safety and security on campus is a top priority for the administration and the principal.

The institution's gender audit demonstrates the atmosphere free from gender bias. The institution has taken the following actions to promote gender equality.

- **Safety and security**

Our college campus places a high premium on the safety of females. With the help of a committed staff of security specialists, the institute offers a wide range of security amenities specifically for girls on its grounds.

CCTV Camera

Electronic surveillance is in place at our institution to keep an eye on activity both during the day and at night. The presence of closed-circuit video cameras and a security guard team guarantees that female employees and students are free to wander around the campus and feel comfortable and protected while they are there.

Visitor Register

To keep track of who enters the hostel grounds, the hostel maintains a visitor log registration.

Restricted Entry

Security will check at the main gate to ensure the safety of the female students and to prevent unauthorized entry.

Discipline in Campus

The institution has a discipline committee in place to make sure that students are safe and secure. Both the activities of the students within the institution and the work of all personnel are overseen. Members of the discipline committee, grievance cell, and anti-ragging cell keep a close eye on eve-teasing and ragging. Regular notice board displays of circulars are made for the same purpose.

Outing system

All students must obtain their exit passes and leave forms properly signed by the supervisors and wardens. Sometimes, before allowing them, wardens get in touch with their parents. Every hostel for ladies has set hours for admittance.

Mentors

The duty of mentoring and counseling students is delegated to mentors. Each faculty advisor oversees a cohort of fifteen to twenty students. If there is an issue, boys and girls receive separate counseling based on their needs.

- **Women empowerment cell**

The Women Empowerment Cell has planned a number of gender awareness events. The teaching staff encourages the female students to lead morally upright lives by offering counseling and helping them deal with challenges on a regular basis under a variety of circumstances.

- **Common Rooms**

The campus has separate common areas for female students, where they can go to unwind during their leisure time. There are also fully equipped restrooms for boys and ladies.

- **First Aid Box**

The primary goal of the first aid pack for college students is to provide for their most frequent medical requirements.
